

# ENGINE WITH OVERHEAD VALVE (OHV) AND TIMING CHAIN CUTAWAY

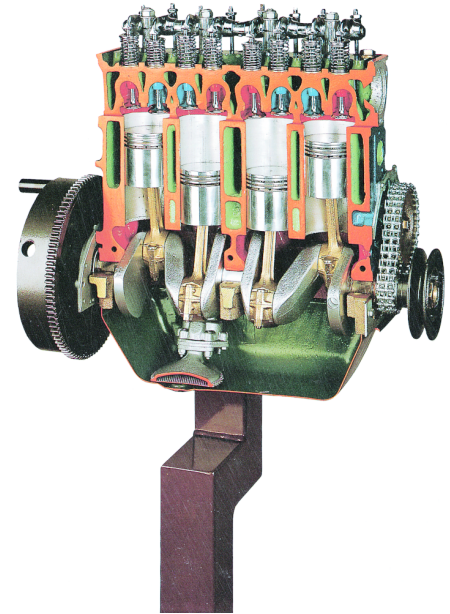

A1

Product number

AE45450M

Educational cutaway training tool is a 4-stroke, 4-cylinder, overhead camshaft (OHC) petrol (gasoline) engine, designed to provide practical learning experiences in automotive technology. The engine is sectioned to expose internal components, allowing for a clear understanding of engine operation and maintenance procedures.

## Features

- Cutaway design provides clear visibility of internal components.
- Manual operation enables hands-on control and experimentation.
- Detailed labeling identifies key components for easy reference.
- Manual crank handle allows for controlled engine operation and experimentation.
- Durable construction ensures long-lasting performance in educational settings.

## Specifications

- Dimensions: 700 mm x 600 mm x 800 mm (27.56 in x 23.62 in x 31.50 in)
- Weight: 60 kg(132 lb)
- Product number: AE45450M
