

PETROL (GASOLINE) ENGINE WITH GEARBOX CUTAWAY

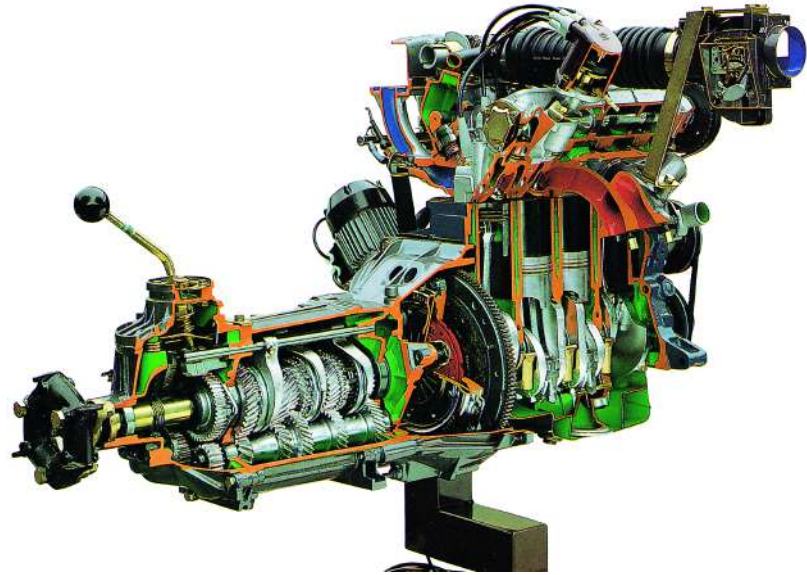

A1/A2

Product number

AE45152E

4-cylinder petrol(gasoline) engine with a displacement of 2000 cc, multipoint electronic injection. Equipped with a 5-speed gearbox plus reverse and integrated front-wheel drive. The Trainer runs on 220 volts at a reduced speed to enhance visibility of mechanical movements. The Engine is sectioned to reveal lubrication, fuel, and cooling systems, with clearly marked cross-sections, ensuring an easy learning experience for both students and instructors.

Features

- 4-Cylinder petrol(gasoline) engine with 2000 cc displacement.
- L-Jetronic multipoint electronic injection system.
- 2 Overhead camshafts (DOHC) for improved valve control and engine efficiency.
- 5-Speed gearbox with reverse, integrated with front-wheel drive.
- Electrically operated at 220 volts, running at reduced speed for enhanced observation.
- Sectioned view with color-coded painting to differentiate lubrication, fuel, and cooling systems.
- Chromium-plated and galvanized parts for extended durability.
- Mounted on a mobile stand with wheels for easy transport and classroom use.

Specifications

- Dimensions: 80 x 140 x 110 cm (31.5 x 55.1 x 43.3 in)
- Weight: 140 kg (308.6 lbs)
- Product number: AE45152E
